Kali L. Woodruff Carr, Ph.D.

email: kali.woodruffcarr@childrens.harvard.edu
website: kwoodruffcarr.github.io • ORCID: 0000-0002-3142-0476

ACADEMIC APPOINTMENTS

2026 – present **Senior Staff Scientist**
Boston Children's Hospital, Brookline, MA
Laboratories of Cognitive Neuroscience, Division of Developmental Medicine

2023 – 2026 **Staff Scientist**
Boston Children's Hospital, Brookline, MA
Laboratories of Cognitive Neuroscience, Division of Developmental Medicine

2026 **Part-time Lecturer**
Northeastern University, Boston, MA
Department of Music, College of Arts, Media and Design

2021 – 2023 **Postdoctoral Research Fellow**
Northwestern University, Chicago, IL
Institute for Innovations in Developmental Sciences, Medical Social Sciences

2018 – 2021 **Research Specialist**
Northwestern University, Evanston, IL
Infant and Child Development Center, Department of Psychology

EDUCATION

2021 **Ph.D., Communication Sciences and Disorders**
Certificate in Cognitive Science
Northwestern University, Evanston, IL

2015 **M.A., Communication Sciences**
Northwestern University, Evanston, IL

2012 **B.S., Psychology**, *summa cum laude*
B.M., Music Performance, *cum laude*
University of Florida, Gainesville, FL

RESEARCH SUPPORT

ACTIVE

2024 – 2027 National Institutes of Health, National Institute on Deafness and other Communication Disorders
Title: R21 Early predictors of late talking: EEG trajectories and psychosocial profiles
Role: Principal Investigator; Total award (direct & indirect): $489,500

2026 – 2028 Jacobs Foundation, Learning Variability Network Exchange
Title: Early learning and experience: variability, assessment, and trajectories in early childhood
Role: Co-Investigator; Total award (direct & indirect): $484,379

2026 – 2027 ManyBabies 5; subaward from Princeton University
Title: ManyBabies 5: Hunter & Ames Model of Infant Looking Preference
Role: Principal Investigator; Total award (direct & indirect): $1,500

COMPLETED

2023 – 2026 National Science Foundation, Behavioral and Cognitive Sciences
Title: Naming names: How, and how early, does object naming influence infants' fundamental object representations?
Role: Key Personnel; Total award (direct & indirect): $599,651

2023 – 2024 Canadian Institute for Advanced Research, Brain, Mind & Consciousness Catalyst Award
Title: Does listening to song support the language-cognition interface in infants?
Role: Key Personnel; Total award: CAD $35,000

2021 – 2023 National Institutes of Health, National Institute of Mental Health
Title: T32 Mental Health, Earlier: transdiagnostic, transdisciplinary, translational training program in neurodevelopmental mechanisms of psychopathology
Role: Institutional Post-Doctoral Trainee

2020 The Alumnae of Northwestern University Research Grant
Title: Investigating the neural mechanisms that guide infants to link novel communicative signals to meaning
Role: Principal Investigator; Total award: $8,900

2019 – 2020 Canadian Institute for Advanced Research, Brain, Mind & Consciousness Catalyst Award
Title: The effect of music on infant cognition
Role: Key Personnel; Total award: CAD $37,375

2013 – 2014 National Institutes of Health, National Institute of Deafness and Other Communication Disorders
Title: T32 Translational Research in Communication Sciences & Disorders
Role: Institutional Pre-Doctoral Trainee

AWARDS AND HONORS

2026 NIDCD Data Management for Data Sharing Workshop Travel Award
2018 Student Paper Award, second place in Speech Communication, Acoustical Society of America
2018 Evelyn Marks & Joel S. Siegel Endowed Fellowship
2018 Ann and Paul Arenberg Student Travel Award
2016 – 2018 Northwestern University Graduate Writing Fellowship
2016 – 2017 Kenneth R. and Grace S. Rearwin Academic Scholarship
2016 Northwestern University Cognitive Science Travel Grant
2015 Society for Music Perception and Cognition Student Award
2015 Northwestern University Graduate School Conference Travel Grant
2014 Northwestern University Graduate School Conference Travel Grant
2013 Northwestern University Cognitive Science Travel Grant
2012 – 2013 Northwestern University Cognitive Science Fellowship
2008 – 2012 University of Florida Friends of Music Scholarship
2008 – 2012 Florida Bright Futures, Florida Academic Scholar
2008 – 2012 University of Florida Bands Scholarship

PUBLICATIONS

PEER REVIEWED (#mentored student)

Olson, H., Camacho, M.C., … **Woodruff Carr, K.**, … Vaughn, K.A., Madsen, K.S. (2025) Measuring and interpreting individual differences in fetal, infant, and toddler neurodevelopment. ***Developmental Cognitive Neuroscience****, 73*, 101539.

Kosie, J.E., Zettersten, M., … **Woodruff Carr, K.**, … Lew-Williams, C. (Stage 1 Registered Report) ManyBabies 5: A large-scale investigation of the proposed shift from familiarity preference to novelty preference in infant looking time. ***Nature Human Behaviour****,* available at psyarxiv.com/ck3vd

Woodruff Carr, K., Waxman, S.R. (2024) The link between non-human primate vocalizations and cognition is not constrained by maturation alone: evidence from healthy preterm infants. ***Cognition***, *251*, 105886.

Woodruff Carr, K., Perszyk, D.R., Norton, E.S., Voss, J.L., Poeppel, D., Waxman, S.R. (2021) Developmental changes in auditory-evoked neural activity underlie infants' links between language and cognition. ***Developmental Science***, *24*(6), e13121.

Woodruff Carr, K., Perszyk, D.R., Waxman, S.R. (2021) Birdsong fails to support object categorization in human infants. ***PLOS One***, *16*(3), e0247430.

Slater, J., Kraus, N., **Woodruff Carr, K.**, Tierney, A., Azem, A., Ashley, R. (2018) Speech-in-noise perception is linked to rhythm production skills in adult percussionists and non-musicians. ***Language, Cognition and Neuroscience***, *33*(6), 710-717.

Woodruff Carr, K., Fitzroy, A.B., Tierney, A., White-Schwoch, T., Kraus, N. (2017) Incorporation of feedback during beat synchronization is an index of neural maturation and reading skills. ***Brain and Language****, 164*, 43-52.

Thompson, E.C., **Woodruff Carr, K.**, White-Schwoch, T., [#]Otto-Meyer, S., Kraus, N. (2017) Individual differences in speech-in-noise perception parallel neural speech processing and attention in preschoolers. ***Hearing Research****, 344*, 148-157.

Thompson, E.C., **Woodruff Carr, K.**, White-Schwoch, T., Tierney, A., Nicol, T., Kraus, N. (2016) Hemispheric asymmetry of endogenous neural oscillations in young children: implications for hearing speech in noise. ***Scientific Reports***. *6*, 19737.

Woodruff Carr, K., Tierney, A., White-Schwoch, T., Kraus, N. (2016) Intertrial neural stability supports beat synchronization in preschoolers. ***Developmental Cognitive Neuroscience***, *17*, 76-82.

White-Schwoch, T., **Woodruff Carr, K.**, Thompson, E.C., Anderson, S., Nicol, T., Zecker, S., Kraus, N. (2015) Auditory processing in noise: A pre-school biomarker for literacy. ***PLOS Biology***, *13*(7), e1002196.

White-Schwoch, T., [#]Davies, E.C., Thompson, E.C., **Woodruff Carr, K.**, Nicol, T., Bradlow, A.R., Kraus, N. (2015) Auditory-neurophysiological responses to speech during early childhood: effects of background noise. ***Hearing Research****, 328*, 34-47.

[#]Spitzer, E., White-Schwoch, T., **Woodruff Carr, K.**, Skoe, E., Kraus, N. (2015) Continued maturation of the click-evoked auditory brainstem response in preschoolers. ***Journal of the American Academy of Audiology***, *26*(1), 30-35.

Woodruff Carr, K., White-Schwoch, T., Tierney, A., Strait, D., Kraus, N. (2014) Beat synchronization predicts neural speech encoding and reading readiness in preschoolers. ***Proceedings of the National Academy of Sciences****, 111*(40), 14559-14564.

White-Schwoch, T., **Woodruff Carr, K.**, Anderson, S., Strait, D., Kraus, N. (2013) Older adults benefit from music training early in life: Biological evidence for long-term training-driven plasticity. ***The Journal of Neuroscience****, 33*(45), 17667-17674.

Srinivasan, S., Keil, A., Stratis, K., **Woodruff Carr, K.**, Smith, D. W. (2012) Effects of Cross-Modal Selective Attention on the Sensory Periphery: Cochlear sensitivity is altered by selective attention. ***Neuroscience****, 223,* 325-332.

DISSERTATION

Woodruff Carr, K., (2021) Similarities between perceptual learning and speech-perception learning: evidence from the effects of maturation and the distribution of training trials. https://www.proquest.com/docview/2615322536/7DEBCAE196EA4251PQ/

UNDER REVIEW/PREREGISTERED

Woodruff Carr, K., Vanden Bosch der Nederlanden, C.M., Trainor, L., Waxman, S.R. (under review) From melody to meaning: the influence of humming and singing on infant cognition. *Developmental Science*.

Dimitrova, N., Kucker, S.C., Rocha-Hidalgo, J., … **Woodruff Carr, K.**, ... Barr, R. (Stage 1 Registered Report under review) Cross-country variation in early childhood family digital media ecology: A ManyBabies 8 registered report. *Child Development*. https://doi.org/10.31234/osf.io/fcpej_v1

Woodruff Carr, K., Kelsey, C., Siew, J., Sacks, D., Dunham-Carr, K., Chaturvedi, A., [#]Holtzman, N. (preregistered) Infant functional brain measures as predictors of later language development: A systematic review. https://www.crd.york.ac.uk/PROSPERO/view/CRD420261402969

Woodruff Carr, K., Wright, B.A. (in revision) Nonlinear development of learning on a speech-perception task.

IN PREPARATION

Woodruff Carr, K., Wright, B.A. (in prep) Interference of adaptation to foreign-accented speech from consecutive but not interleaved training of two accents.

Woodruff Carr, K., Norton, E.S., Poeppel, D., & Waxman, S.R. (in prep) Experience maintains neural signatures of infants' early links between nonhuman primate vocalizations and cognition.

Woodruff Carr, K., Wilkinson, C.L., Nelson, C.A. (in prep) Developmental trajectories of EEG activity in infancy predict language delay in toddlers.

Woodruff Carr, K., Wilkinson, C.L., Nelson, C.A. (in prep) Maternal responsiveness in diverse contexts: cross-cohort links to child language development.

Zhuo Ke, M., **Woodruff Carr, K.**, Slater, J., Nelson, C.A. (in prep). Generating a global unique ID (GUID): A framework for improving harmonization and sharing of longitudinal neurodevelopmental data.

Spann, M., Graham, A., Howell, B., **Fetal, Infant, & Toddler Neuroimaging Group (FIT'NG)**, Zöllei, L., Scheinost, D. (in prep) Embedding a Think Tank session, "Elephants in the Room," into the annual conference: A unique element that strengthens community and collective insights and keeps the field forward-thinking.

PRESENTATIONS

PODIUM PRESENTATIONS (*invited; #mentored student)

Woodruff Carr, K., Wilkinson, C.L., Nelson, C.A. (submitted) Integrating EEG Trajectories and Parent-Child Interaction Quality to Predict Late Talking. Symposium: Mining old datasets for new predictors of late talking. *Society for Research in Child Development*. Atlanta, GA.

***Woodruff Carr, K.** (Feb 2026) Tuning in to the temporal features of sound: music, speech, language, and cognitive development. *Institute for Cognitive and Brain Health*. Boston, MA.

***Woodruff Carr, K.** (Oct 2025) Before words: how sound shapes cognitive development in infancy. *Music, Imaging, & Neural Dynamics (MIND) Lab at Northeastern University*. Boston, MA.

***Woodruff Carr, K.** (Oct 2025) Tuning in to the temporal structure of sound: speech, language, and cognitive development. *Boston University Hearing Research Center Seminar Series*. Boston, MA.

Woodruff Carr, K., Nelson, C.A. (May 2025) Developmental trajectories of EEG activity predict language delay in toddlers growing up in low-resource homes. Symposium: Early neural development in low-resourced settings: Implications for child outcomes in domestic and international cohorts. *Society for Research in Child Development*. Minneapolis, MN.

***Woodruff Carr, K.**, Waxman, S.R. (Oct 2023) Tuning the language-cognition link: evidence from visual object categorization in infancy. *Crossing the Borders Conference: Development of language, cognition, and the brain*. Potsdam, Germany.

***Woodruff Carr, K.** (Jan 2023) The rhythms of language: biological underpinnings of speech and language learning across development. *Boston Children's Hospital Laboratories of Cognitive Neuroscience*. Brookline, MA.

Woodruff Carr, K., Fritz, M., Healey, B., Lenaghan, E. (Nov 2017) The graduate writing center as an accomplice: the opportunities & challenges of sustained support. *International Writing Centers Association Conference*. Chicago, IL.

***Woodruff Carr, K.** (Mar 2015) Rhythm: a window into auditory and language processing in the brain. Chicago Public Schools Teachers Workshop, *Chicago Society for Neuroscience Annual Scientific Meeting*. Chicago, IL.

#Spitzer, E., White-Schwoch, T., **Woodruff Carr, K.**, Skoe, E., Kraus, N. (Jan 2014) Continued maturation of the click-evoked auditory brainstem response in preschoolers. *Illinois Academy of Audiology Convention*. Chicago, IL.

***Woodruff Carr, K.** (Jul 2012) The musical brain. *The Georgia Governor's Honors Program*. Valdosta State University, GA.

POSTER PRESENTATIONS (#mentored student)

Woodruff Carr, K., Cummins, M., Holtzman, N., Nelson, C.A., Frank, M.C. (submitted) Measuring variability in preschool learning and development: piloting and validating the LEVANTE assessments in preschoolers. *Society for Research in Child Development*. Atlanta, GA.

Woodruff Carr, K., Wilkinson, C.L., Nelson, C.A. (July 2026) Aperiodic EEG in infancy reflects risk for language delay and late talking in toddlerhood. *Fetal, Infant, and Toddler Neuroimaging Group*. Panama City, Panama.

Woodruff Carr, K., Peterson, J., Reilly, J., (Mar 2012) Experience-dependent enhancement of musical training for auditory scene analysis. *University of Florida Undergraduate Research Symposium*. Gainesville, FL.

Srinivasan, S., Stratis, K., **Woodruff Carr, K.**, Keil, A., Smith, D.W. (Jan 2012) Attentional effects on peripheral auditory function in response to monaural and binaural stimuli. *Society for Neuroscience: North Central Florida Chapter Annual Conference*. Gainesville, FL.

TEACHING

COURSES

Instructor	Music and the Brain Research (Northeastern Univ)
Teaching Assistant, Guest Lecturer	Biological Foundations of Speech & Music (Northwestern Univ)
Teaching Assistant, Guest Lecturer	Clinical Neuroanatomy (Northwestern Univ)
Teaching Assistant, Guest Lecturer	Electrophysiology of the Human Auditory System (Northwestern Univ)
Teaching Assistant	Articulation & Phonological Disorders in Children (Northwestern Univ)

WRITING MENTORSHIP, TUTORIALS, AND WORKSHOPS

Instructor	Literature Review workshop (BCH)
Instructor	Open Science & Preregistration workshops (BCH)
Instructor	Scientific Writing workshop (BCH)
Instructor	Professional Development summer seminar series for students and staff (BCH)
Instructor	Writing Group for postdoctoral fellows; weekly (BCH)
Instructor	Individual graduate writing consultations; weekly (Northwestern Univ)
Instructor	Interdisciplinary Writing Groups for graduate students; weekly (Northwestern Univ)
Instructor	Communication Sciences department graduate student writing group; weekly (Northwestern Univ)
Instructor	Scientific Grant Writing interdepartmental workshop (Northwestern Univ)
Instructor	Peer Review interdepartmental workshop (Northwestern Univ)

MENTORED STUDENTS

Ph.D. students: Alison Lobo, Ph.D.

Post-baccalaureate research assistants: Malena Aylwin; Silvia Bonacina; Evan Davies; Jessica MacLean, Ph.D.; Jennifer Near; Sebastian Otto-Meyer; Emily Walsh

Undergraduate students: Esha Ahmad; Abby Burt; Blakely Cummings; Katie DeAmico; Caitlin Draper; Megan Gonzalez; Miranda Kannisto; Jennifer Lopez Velazquez; Chloe McGhee; Lauren Mondesir, M.D.; Melany

Morales; Samantha Morrill, Au.D.; Felicia Mou; Kiki Ogbuefi, M.D.; Mary Okematti, M.D.; Elizabeth Page; Yaelle Pierre; Rachel Rosalsky; Nicole Uribe

High school students: Nikita Doshi; Alisa Ficiciyan; Philip Jeong

STAFF SUPERVISOR

Research coordinators: Marialuisa Cummins; Margaret Shilling
Data managers: Mary Zhuo Ke; Garrett Greaves

GRADUATE COURSEWORK

Anatomy & Physiology: Peripheral Hearing
Biological Foundations of Speech & Music
Electrophysiology of the Human Auditory System
Fundamentals of Neuroscience
Mind and Brain
Neurobiology of Learning & Memory
Science & Society
Translational Research in Comm Sci Disorders
Professional Development
Research Procedures in Comm Sci Disorders
Responsible Conduct in Research
Scientific Writing
Statistical Experimental Design
Linear Models: Correlation & Regression
R for Psychological Research

TECHNICAL SKILLS

Neurophysiology: BioSemi Auditory Brainstem and Cortical Recording; BioMARK Biological Marker of Auditory Processing; Brain Products actiCAP EEG; Intelligent Hearing Systems Auditory Evoked Potentials; Magstim EGI Geodesic EEG
Audiology: Audiometry; Otoacoustic Emissions; Otoscopy; Tympanometry
Programming: E-Prime; MATLAB; NeuroScan; Presentation; Python; R; SMI RED Eye Tracker
Digital Audio Editing: Audacity; Finale; Praat
Statistics: MATLAB; R; SPSS

ACADEMIC SERVICE

PROFESSIONAL SERVICE

2026 *Reviewer*, Society for Music Perception and Cognition Conference
2024, 2026 *Reviewer*, Research Scholars Program, BCH Laboratories of Cognitive Neuroscience
2015 – 2018 *Department Representative*, Northwestern Univ Graduate Leadership Advocacy Council
2014 – 2016 *Ph.D. Student Liaison*, Northwestern Univ Communication Sciences and Disorders

COMMUNITY OUTREACH

2023 – Present *Volunteer,* BCH Laboratories of Cognitive Neuroscience Community Engagement
2012 – 2017 *Volunteer,* Northwestern University Brain Awareness Outreach
2015 – 2016 *Organizing Committee,* Chicago Communicating Science Conference (ComSciCon-Chicago)
2010 – 2012 *Volunteer*, Alz Place, Gainesville, FL
2009 – 2012 *Volunteer*, Oak Hammock Retirement Community, Gainesville, FL
2011 – 2011 *Volunteer*, Shands Hospital Psychology Clinic, Gainesville, FL
2008 – 2009 *Volunteer*, Shands Hospital Arts in Medicine Program, Gainesville, FL

AD HOC JOURNAL REVIEWING

Biological Psychology; Brain and Language; British Journal of Developmental Psychology; Developmental Science; Frontiers in Psychology; Hearing Research; Mind, Brain, Education; PLoS Biology; Psychomusicology: Music, Mind, and Brain

PROFESSIONAL AFFILIATIONS

Association for Research in Otolaryngology
Cognitive Development Society
Fetal, Infant, Toddler Neuroimaging Group
International Congress of Infant Studies
Psi Chi International Honor Society in Psychology
Sigma Alpha Iota International Music Fraternity

Society for Music Perception and Cognition
Society for Research in Child Development
Society for Neuroscience

SELECTED PRESS COVERAGE OF RESEARCH

BBC; CBS News; CNN; Huffington Post; National Geographic Daily News; The New York Times: Science; Science Magazine; Scientific American; Society for Neuroscience; The Hearing Journal; Time; US News and World Report

MUSIC PERFORMANCE EXPERIENCE

TRAINING PROGRAMS (+competitive, audition-based)

Summer 2009	+Buffet Crampon Summer Clarinet Academy; Jacksonville, FL
Summer 2008	+Buffet Crampon Summer Clarinet Academy; Jacksonville, FL
Summer 2007	+Florida International Festival with the London Symphony Orchestra; Daytona Beach, FL
Summer 2007	+Stetson University Clarinet Workshop; DeLand, FL
2006 – 2008	+Florida All-State Honors Band; Orlando, FL
2006 – 2007	+Tri-state Honors Band; Tallahassee, FL

CHAMBER MUSIC

2013 – 2023	Chicago Clarinet Ensemble; Chicago, IL
2020	Lake Shore Symphony Orchestra; Chicago, IL
2014	Mt. Prospect Community Band; Mt. Prospect, IL
2008 – 2012	+University of Florida Clarinet Ensemble; Gainesville, FL
2009 – 2012	+University of Florida Wind Ensemble; Gainesville, FL
2008 – 2010	+University of Florida Symphony Orchestra; Gainesville, FL
2008 – 2009	+University of Florida Symphonic Band; Gainesville, FL
2007	+Florida International Festival Youth Ensemble; Daytona Beach, FL

SELECTED MASTERCLASSES

2010	+*Soloist*, masterclass with Stanley Drucker, New York Philharmonic
2009	*Soloist*, masterclass with Daniel Gilbert, University of Michigan & Cleveland Orchestra
2008	*Soloist*, masterclass with Pascual Martínez Forteza, New York Philharmonic

MUSIC FESTIVAL PERFORMANCES

2012	International Clarinet Association ClarinetFest; Urbana-Champaign, IL
2011	International Symposium on Assessment in Music Education; Bremen, Germany
2011	Le Conservatoire de Musique Frederic Chopin; Paris, France
2011	Vandoren Clarinet Ensemble Festival; East Lansing, MI
2010	Vandoren Clarinet Ensemble Festival; Los Angeles, CA
2009	Vandoren Clarinet Ensemble Festival; Washington, DC
2008	Vandoren Clarinet Ensemble Festival; Chicago, IL
2008	International Clarinet Association ClarinetFest; Kansas City, MO

DISCOGRAPHY

2013	*Witch Doctor: The Wind Ensemble Music of Paul Richards*, University of Florida Wind Ensemble
2012	*Clarinet Choir Classics*, University of Florida Clarinet Ensemble
2011	*Rock Stars*, University of Florida Wind Ensemble
2010	*El Muro*, University of Florida Wind Ensemble
2009	*Clarinet Thunder*, University of Florida Clarinet Ensemble

PRIVATE TEACHING

Maintained a private clarinet studio, teaching middle and high school students from 2006-2012 & 2019-2021
